

**In the Specification:**

In the Specification, please add to page 1, line 5, the following:

B2 This application is a divisional of U.S. 08/896,244 now U.S. 6,171,801 B1 and claims the benefit of U.S. Provisional Application No. 60/022,133 filed on July 18, 1996

**In the Claims:**

B3 1(amended) A method for releasing a ligand from a complex with endogenous proteins, said method comprising contacting a medium suspected of containing said complex with an effective amount of a compound of the formula:

wherein  $R^1$  is alkyl;  $R^2$  is hydrogen or alkyl; X is O, S or N; n is 1 when X is O or S and n is 2 when X is N; and m is 1 or 2.

**REMARKS**

Claims 1 to 3 are in the case.

**Objections/Informalities**

The Examiner has objected to the abstract. Applicants have submitted a revised abstract. Please see Exhibit A.

The Examiner has objected to the Specifications stating that the first paragraph of the Specification requires proper claims to priority if Applicants wish to claim
